**The Honorable Ruben Gallego**

Dear Members of Arizona's Congressional Delegation,

As Arizona cities and businesses represented in this letter, we sincerely thank the Arizona delegation for your support of the Inflation Reduction Act (IRA). This legislation will create jobs, support climate action, improve air quality, and support healthy communities and neighborhoods. Your vision and leadership were critical to creating and passing the IRA, and the outcomes of this historic legislation will be felt for decades to come. The resources and programs represented in the IRA will transform our cities. We look forward to working with federal agencies and your offices to identify funding streams and programs that match the needs of our cities, businesses, and residents.

Climate action is not done, and this Act will build upon and strengthen the efforts and sustainability planning already underway across Arizona. We look forward to continuing to work with you and your offices to ensure climate action is built into every budget appropriation from the Farm Bill to Transportation. We are also committed to working on developing funding sources in the local, regional, and state level; and, your federal investment will help catalyze these efforts.

We deeply appreciate your commitment to Arizona, and we are ready to get to work!

**Mayor Kate Gallego**  
**City of Phoenix, Arizona**

**Mayor Regina Romero**  
**City of Tucson, Arizona**

**Mayor Corey D. Woods**
